

Washington, D.C. 20505

18 May 1979

Dear Allen,

Thanks for your response to my letter in April on security programs. The idea of a security advisory committee composed of members from both government and industry is one which is certainly worth studying.

I will pass the suggestion of your security people along to my Director of Security. When other replies are in and a consolidated report prepared, we will then be in a position to further pursue joint cooperation in this vital area.

With warmest best wishes.

Yours,

A handwritten signature in black ink, appearing to read "Stansfield Turner".
